

# COMMUNICATIONS PROFESSIONAL FOR SANDVIK INFRASTRUCTURE AND TECHNOLOGY SERVICES

The Sandvik Group Communications team at Sandvik are highly skilled professionals with the responsibility to support the Groups business goals and objectives. We are now looking for a Communications Professional to join us in a one year temporary assignment, as part of creating something new and exciting by supporting our newest function within our global IT function. This function is instrumental in shaping a modern digital workplace throughout Sandvik and in your role, you focus on enabling this journey. We are looking for an experienced Communications Professional with at least five years' working in a similar position, with a strong focus on creating excellent communication towards end-users. We are genuinely interested in a collaborative and easy-going person with the ability to challenge our old ways of working.
